See also List of PDF software References Category:PDF softwareAfter sometime of wandering around in the Slovakian countryside and a visit with my parents in Slovakia, I'm back again. I've been just a few days in Germany but I'm already starting to get some impression of the German mentality and the general attitude towards people. More specifically: the Germans are to be blamed for the huge queues in front of every market, the overpriced cakes, sweets and other sweets in every shop's windows, and those freaking sausage and ketchup counters with a thousand sausages and 100 cloves of garlic, not to mention all those disgusting pizza's and hamburgers eating trashy youth. The locals and Germans I met in those few days were really friendly and nice people. I'm totally envious of their culture and all the beauty around them. I hope to visit them again in some years, because they have a wonderful natural beauty in those mountains and forests, which was breath-taking for a foreigner. I should also note that the culture here is completely different from the Hungarian culture, and this is making me a little bit uncomfortable. The Slovakian people have a much nicer and friendlier mentality compared to the Hungarians, and it is making me quite comfortable. What have been the first days in Germany like? Very much fun and interesting. The campsite isn't too far away from the city center, and we arrived to it after a bit of walking. After that, we started to explore the city and it took us a while to find things in our own language. Since the area is new to us, our parents didn't know where to find the currency exchange, and the ATM'
