Apr 8, 2022 Build your career and learn with Offensive Security OSCP: Offensive Security Certified Professional certification video training course from . Offensive Security Pwb V 30 Course Video Download A: I don't think there is a free OSCE. OSCE (online cert examination) means you send your information to the organisation and they administer the exam, and then they publish the result. You can't use any tool from that organisation and you can't pay to take the exam for them. The only thing you can do is 'study' the course material with them, in their facilities for a fee, in the amount they have told you. Also, I don't think it's like your bank account, you aren't paying into a fund that provides your salary. PWK provides a certificate. I don't think there is any way to say you have attended a course, or prove it was done by them. I don't think they will send you the certificate for you to keep. I think you can only show it to the
