But just in case you'd like a PDF version, they can be found here (PDF format is simply the default for Ocwchem.com is an online chemistry tutor that covers the entire organic chemistry curriculum, from introductory topics to more advanced topics. (2007) A: The best study guide that I have found for general organic chemistry and organic chemistry was written by Richard A.

Koshland. The book is named "Lifetime of a Free Radical" and is a "Nature Method" text. The website for the book is [www.naturemethod.org](http://www.naturemethod.org) It contains everything you could possibly need to know for the four exams on organic chemistry that I took in college. It also contains tips for what to do on the GRE and questions from the actual test you can download, including all types of questions. You can read the preface and introduction to the book for free. It is very helpful and has many interesting tips and exercises. A: I'm not sure how the internet will treat this, as it's certainly not a Cheat Sheet! ;) It's one of the best sites I've ever seen for organic chemistry. It covers not only the theory, but the lab work as well. It also covers standard undergraduate textbooks and even hands-on problems. Plus, it even has some really neat interactive programs, which might be worth a look.

The only drawback is that you have to be able to access the internet for you to use it. Navigation Burger King commercial laments Germans are "too fat" Sunday, August 26, 2013 A commercial aired by German TV network ZDF-Mitteldeutscher Rundfunk (ZDF) Monday may have been unintentionally funny, but it also attacked a group of people the network is obviously sensitive to – namely Germans. As part of an "Fitness Challenge" television show, the fast-food chain Burger King came up with a parody commercial featuring a German woman doing a set of exercises in a gym to the beat of a German "Ich bin lustig" song. The video also shows a group of "fat" Germans doing various routines, culminating in a laughably overweight man doing a sprint in an effort to impress a group of young women. The
