The modes are linked as a set of missions, named as "Black Ops Zombies," which can be played as long as the players have enough weapons, ammo, and items. The players can also switch to other missions at any time. The online versus modes can be played alone or cooperatively, and they can also be played in private match, which is similar to the Offline vs. mode. Single player Call of Duty: Black Ops 2 features a campaign co-op mode called Black Ops Zombies, which can be played with two players. The main objective of the game is to defend yourself against waves of enemies in various maps. The maps are marked with waypoints and the number of waves of enemies is indicated on the map. The co-op mode requires one player to play as the main character, while the second player controls the zombies. In Demolition, you need to destroy enemy defenses and objectives to win. In Team Deathmatch, the objective is to kill as many opponents as possible to win. Conquest is similar to Team Deathmatch, but you need to capture the objectives to win. In Search and Destroy, you need to kill your opponent's team in order to win.
