### What's New in the Old Polish Clock Screen Saver?

Old Polish Clock Screen Saver is a tridimensional screensaver that displays a digital clock on your desktop. The clock is a replica from the turning point of XIX and XX century. Try it to see what it's all about! \*\*\*\*\* Original author: \*\*\*Halina Stela \*\*\*\*\* This project is written by Halina Stela. She's a young student of computer graphics, and she has spend long time on this project. You can see her works on and \*\*\*\*\* Copyright (C) 2004 Halina Stela You can redistribute it and/or modify it under the terms of the GNU General Public License as published by the Free Software Foundation; either version 2 of the License, or (at your option) any later version. \*\*\*\*\* This screensaver will work fine with all modern operating systems including Vista. It's tested and works well in Windows XP with SP2, Windows 2000, Windows 98 and Windows Me. Old Polish Clock is created in Xara Xtreme. it will work fine with Xara3d. It uses Microsoft DirectX9 library to render graphics. Install the screensaver and just select the timer. That's it! The clock will start (or resets if it was running before) and the clock will display the time. This screensaver displays the time as 4 o'clock (12:00). If you wish to use the 24-hours clock, select the clock in the clock's settings (in the clock's config file) and set the clock to 24 hours. This screen saver is a screen saver, not a clock display. You can change the time while the clock is displayed and it will be changing the time in the screen saver. Some options are available: - Save the clock configuration to an XML file. - Enable / Disable the clock. - Change the speed of the clock and the time of the day. - Change the time format (AM / PM / 24 hours or 12 hours). - Change the font of the numbers in the clock. - Use "The Old Polish Clock" font or "Windows XP Times New Roman" font. - Use a different image for the background and for the numbers. - Change the size of the clock and the numbers. - Use an image as a background. - Change the order of the images. -
