## Wise Plugin Manager Crack+ Activation Key

Wise Plugin Manager is the ultimate application to free up valuable computer resources, time and privacy. It provides you with a quick and easy way to manage all the plugins, extensions and toolbars you are using in your web browsers. Each browser is treated separately, so you can choose which web browsers, where and how you want to use the extension information. The tool lets you disable or activate or remove extensions, manage the extension homepage and URLs, and provides user ratings, feed and rating. Moreover, Wise Plugin Manager lets you set the default browser to ensure all your web browser windows are the default browser. Z Easy Web Firewall:

Webfirewall is a simple and fast internet security program. It is designed to protect your computer from getting damaged or infected by Internet threats. With Webfirewall, you can: Protect your PC from being infected by Internet dangers, viruses, and other malwares.

Keep your computer clean and fast. Stop others to use your PC.

Firewall features: Simple to use interface. You only need to click a button to start firewalling. You can configure the firewall according to the settings you prefer, from low to high protection. It also contains a user friendly windows service, which lets you turn on/off the firewalling manually. The firewall keeps you updated with system and application information, such as web browser that you are currently using. It monitors and updates your firewall status on a regular basis.

Web Firewall - Window - Internet Connection Sharing. The perfect solution to surf the Internet privately and on the go without risking your sensitive Internet traffic. Web Firewall is a server application that gives you access to your Internet connection through a very user friendly interface. The program is light weight, very fast and uses only a tiny amount of system resources, making it suitable for all operating systems. The most unusual feature of Web Firewall is that it encrypts and decrypts all traffic that goes through it. On top of that it creates and maintains a secure tunnel through which all your

## Wise Plugin Manager

Wise Plugin Manager is an utility program for the Windows platform that provides access to your browser toolbars and extensions so that you can easily manage them and remove items you don't want to use. Wise Plugin Manager enables you to disable or activate any detected addon with the click of a button or even permanently remove the ones you don't need or use. Wise Plugin Manager's innovative interface displays all the installed browser addons and toolbars in separate panes, so that you can view them individually to analyze each addon's behavior, or even see the addons that are compatible with your browser version and platform. Wise Plugin Manager enables you to set the default browser from within the program's main window so that you will always be able to open web pages, e-mails, chat or favorite URLs from any web browser (Internet Explorer, Mozilla Firefox, Opera or Google Chrome) without the need to search for the browser first. Wise Plugin Manager's intuitive interface makes it a useful tool for helping you navigate the Internet safely.

Wise Plugin Manager Features:

- Access to all plugins and toolbars installed in your web browsers.
- Easy to use interface.
- Supports all popular web browsers (Internet Explorer, Mozilla Firefox, Google Chrome and Opera).
- Helpful community rating system.
- Ability to set the default browser (Internet Explorer, Mozilla Firefox, Opera or Google Chrome) from within the program's main window.
- Multiple panes for the toolbars and extensions.
- Support for all versions of Windows.
- Empowers users to quickly decide which applications should remain on their computers and which should be eliminated.
- Comprehensive help messages.
- An extensive online user manual.
- Compatible with Windows 2000, XP, 2003 and 2008 operating systems.
- Supports all 32-bit and 64-bit versions of Windows.
- Includes a support forum and online user manual.
